I am so glad to see this great tale appearing here! Â Clint is not your normal main character. Â His Dad is not a normal Dad, and I bet his sister is not a normal sister. Â We shall see.

I couldn't agree more. It had me laughing as I could actually see it happening.

I just finished chapter 2, and I also am finding the story to be very well-written.Â If this is any indication of what Cynus can do (and I'm sure it is), he'll definitely have a future as a professional writer.

I am very pleased to report that Cynus is repolishing several takes to bnrng to us. Â I do wish folk wouldÂ linkÂ to the tales!

This is Fearless!

The observant amongst us will notice the large button at the foot. Pressing it commits you to nothing, but you may find something to your benefit there.

Thank you, Andichan. This is the first time I've ever tried to write comedy.

@Mark, I appreciate the kudos. Hope I'm able to live up to them.

@Timmy, Thank you for pointing out the button and letting it be there in the first place. A little bit of support really does go a long way.

The plot is developing. As you have seen, it is also part one of a duology. Cynus will send part two to me soon. There are interesting differences between the two, as I am sure you will see.

I really liked this story, it's a little different to a lot of the stuff out there and i mean that in a good way, i only intended to read the first chapter and then go to sleep and read the rest the next day, but i found myself reading them all in one go, which goes to show that i did enjoy the story being told, i am waiting for a few more chapters of the next part to appear and look forward to the continuation from another characters PoV

One thing I can't figure out about the character of Clint; he seems mature and level-headed, yet he wants to be a drama queen. I find that these 2 personality traits rarely go together.
